Frontend Developer

Codial Acakemy / 4 months

I was in Codial Academy as a Frontend developer and worked with small group. We created some websites like : Mixel.uz

- I gained a lot of experience during this small internship.
- Building user-friendly website and Great working with API.
- Have high level of experience in CRUD methodology.

Frontend Developer

TelZone / from June until now

I am freelancer right now, and working with Backend developer and Sales manajer. We have created a project (this is demo version): TelZone

- I learned how to communicate with strangers at a distance.
- Creating a site at the same time as a backend developer.
- Creating a user-friendly admin panel.
